HOME BUILD

Building a home for a family in Guatemala is one of the most rewarding things a team does on mission trip with STC/Life Guatemala.

1. **Cost:** The cost to build a home is **\$5000**. Stoves are an additional **\$450**.
*REMEMBER: This is due no later than **30 days** prior to your arrival in Guatemala.
2. **Commitment:** When a family is told they are receiving a home, it is quite emotional and life-changing. We follow-through on that promise every time. If for any reason you must cancel your trip within **90 days of arrival**, the home will still be built in your absence (complete with video of dedication). So whether you arrive in Guatemala or not, know that **you are committing to build this home**. NO EXCEPTIONS.
3. **Tools:** All tools will be provided in country. STC utilizes DeWalt 20v tools to build, so if you wish to bring in extra tools or even you own tool belt, feel free to do so. Everything will be provided to complete the build in the event you do not.
4. **Home Type:** All of STC's homes are cement floor; block base with a wood frame construction and board & batten siding. There will be someone from the STC construction staff on site to help guide you in the build process from start to finish. This is a great team building opportunity for your group!
5. **Dedication Day:** On the final day of the build we will have an official dedication of the home and a presenting of the keys to the family. Someone from your team will share a word/pray while that same person or someone else will hand them the keys. It is a very special time that will be filmed on Facebook Live for your church, friends or donors to see.
6. **Extras:** Each house has 2 twin-sized beds. If you would like to set up the home for the family, you can bring things such as bedding, plastic cups/plates/utensils, small cross, small wall clock, towels, extra blankets, wash cloth, soaps, school supplies, candy, toys... Whatever you bring will be greatly appreciated by the family.

NOTE: If you have **15 or more** in your group, **2 home builds** are advisable.

HOME VISITS

STC/LG loves to meet the people *where they are*. Because of this, you will get the opportunity to visit real homes of real people. It is very impactful and life-changing.

1. **Rice/Beans:** As we go into homes we like to try and meet not just spiritual but physical needs. We will deliver food to families as we visit.
2. **Prepare:** Coming on a missions trip stretches you. Be prepared to share some of your testimony with people. Be prepared to pray with a family. The Guatemalan people are open and love to hear your words of encouragement!
3. **Pictures:** During home visits, ONLY STC/LG staff will be allowed to take photos. It can be very intimate and we must use discretion at all times.
4. **Stamina + Shoes:** Guatemala is very hilly! Please bring closed-toe shoes that are suitable for the rigors of mountainous terrain and drink plenty of water; you will be ministering at 7500' above sea level!
5. **Translators:** Don't worry, you won't go alone; STC/LG translators will be there to minister with you every step of the way!

VBS FOR KIDS

Each team will *normally* do **3 separate** children activity times. This is generally done in VBS format with singing, story, games and an activity.

1. **What to bring?** Each team is required to bring **ALL** things needed each day(including give-aways, candy, games, coloring sheets etc).
2. **Will you help us?** This is YOUR week to minister. STC/LG will help with music, general order and possibly a clown for event opening. Translators will be provided for you, so you will not be left alone. Our staff doesn't work the VBS for you; we *help* you!
3. **How many children?** There will be between **30** and **170** children at each event, unless otherwise stated for special events. One event will have around 30 children and the other two events will have between 80-170 children. It is ok to bring extra 'just in case'; we can never have enough material in Guatemala.
***Attendance can be very volatile. Prepare for too many or too little!**
4. **How long do we have?** Please be prepared to minister for 45min to 1 hour in length(this includes activity/game time). Remember: you will be translated from English to Spanish so this will make things take slightly more time.
5. **Experience:** Although we encourage you to involve the entire team, we ask you to prepare and give **your absolute best** to these children. If someone has never shared a lesson before or spoke in front of a group, we ask you consider using those with experience for these important times.

'The key isn't perfection; it is in the preparing.'

SAFETY

You are traveling to a foreign country and things are different than in the United States. What are some ways to secure?

1. **Don't be flashy:** Have a super nice watch you like? To err on the side of caution, it is important to not do/wear things that draw attention to yourself. Be mindful of the jewelry you wear and electronics you carry.
2. **Stay with the group:** There is safety in numbers so whether you are at the airport or out in a village, always make sure you have at least 1-2 people with you, preferably more.
3. **Stay hydrated:** Guatemala is almost perfect in climate, but you will be between 5000' to 8000' elevation during your visit. Water consumption is paramount.
4. **Keep bus windows closed in towns and phones inside:** Never open the bus windows and put your phone outside to take a photo. Theft is common and we need not draw that type of attention to the group.
5. **If you cannot afford to lose it, leave it:** If you simply cannot afford to lose that phone, please leave it at the mission home. Passports should **NEVER** travel with you to a village, under any circumstance. Should you do so and lose it, **you will be responsible** for its replacement, housing if needed and any costs associated with its loss, incurred by STC/Life Guatemala; *including staff labor.*
6. **Don't open the door:** STC/LG staff will be responsible for letting people in and out of mission property. Please never answer the door and under no circumstances should you ever leave the premises unless with a staff member or with prior consent from the STC director.
7. **Water + Hygiene:** Easily our biggest safety culprits, clean water and hand sanitation are the biggest inhibitors to good health for the week. Do not drink any water from the faucets/shower and wash you hands incessantly. It will go a long way to a happy and healthy mission trip!
8. **Traveller's Insurance:** **IMG Global** and others similar are recommended.

MISSION HOUSE

Just outside of Antigua, Guatemala is a small village town called San Juan del Obispo. This will be your home for the week.

1. **Sleeping Arrangements***: The STC Mission Home is Jack & Jill style, comprised of 2 separate bunk rooms, each with its own private bathroom. One room can accommodate up to 10 people and the other can accommodate put to 12 total.
2. **Bedding**: All towels and bedding are provided by STC. Favorite pillow though? That is totally up to you! Towels will be changed out every other day.
3. **WiFi**: Wireless internet is available throughout the property.
4. **Dining**: 2 separate dining areas, along with some private tables, allow for up to 50 visitors to dine together at one time.
5. **Coffee**: Absolutely and every morning and evening!
6. **Washer + Dryer**: There is a washer and dryer on site for a fee of **\$10** per load.
7. **Snacks**: The STC Team Shop is available 24/7 and has a variety of merchandise, snacks, cold drinks and freshly roasted coffee to take home!
8. **Amenities**: Hammocks, rocking chairs, fire pit, fooseball, ping pong, corn hole and a plethora of table games are free to use for your enjoyment.
9. **502 Coffee**: STC/Life Guatemala is also home to the official 502 Coffee Co roaster. During the week expect to smell a fresh roast and learn what makes the specialty coffee in the Be Braver Team Shop so insatiable! Cost is **\$10** per bag.

NOTE: *Because of limited space, unless your team is very small we cannot accommodate for couples. In the future we hope to be able to offer this so please be sure to understand that **girls and guys will stay together, in separate rooms.**

TRAVEL DAY

First time travel or first time to Guatemala? It is quite simple upon arrival but here are a few easy hacks to help you through:

1. **Passport:** Be 100% sure your passport is valid for AT LEAST 6 months longer than your return date to the United States.
2. **Bag Stickers:** When you check in your bags from your departure city, the counter attendant will give you the stickers to your luggage. DO NOT LOSE THESE; you will need them in Guatemala.
3. **Customs Form:** 24 hours BEFORE flight, fill out and screen shot your customs QR code at <https://farm2.sat.gob.gt/declaDelViajeroGt-web/pages/public/declaracionViajero.xhtml#no-back-button>
*NOTE: Estados Unidos = United States and Español = English
4. **Address:** You will see 'Foreseen Address' on your customs form. This is where you put the address you will be staying.
Please put the following: 3A Calle San Juan Obispo, Antigua Guatemala

YOU HAVE LANDED IN GUATEMALA. NOW WHAT?

Step 1: Follow the crowd and make your way to the customs line. Here, they will take your form and stamp your passport. **NOTE:** You can fill electronic entry form here too.

Step 2: Go to the corresponding luggage belt and retrieve your luggage. If you have too much and need help, there are helpers there that require \$2 for cart rental and we can tip them when you get outside.

Step 3: Remember those **bag stickers** from this morning? As you exit the luggage area an agent **will ask to see** your stickers and verify your bags. **Have them ready!**

Step 4: Go to agent with red/green light. **Have the digital QR code** you saved ready and show it to the agent should they ask.

Step 5: Once you pass through the scanners, **go through the door and to your RIGHT** hand side! **RIGHT** side! Wait for your team, stay behind the glass(don't go all the way outside yer and look for the STC/LG staff and/or sign!

FOOD

There is nothing like fresh food in Latin America!
Here is the scoop on what your food situation will look like.

1. **Mission House Meals:** All of your meals will be familiar, we might even have a taco night! Our meals are prepared in-house by our own cooks in sanitary conditions. From spaghetti and bacon to local Guatemalan favorites, you will not go hungry with STC/LG while visiting Guatemala.
2. **Food Allergies:** Unfortunately, STC **cannot** accommodate for food allergies. There are normally a few things to choose from but if you have an allergy, please compensate by bringing what you need on your trip. We cannot shop upon arrival.
3. **Kitchen Use:** The kitchen is for STC/LG Staff use **ONLY**. **You will not** be able to use the kitchen to prepare independent meals. There is a microwave in the dining area for your use and convenience.
4. **Refrigerator Use:** All refrigerators are for **STC/LG use ONLY**. The only acceptable use by team members is for medicine that requires refrigeration. If you would like a drink or snack, the Be Braver Team Shop is available 24/7.
5. **Village Meals:** One cool part of STC/LG Guatemala is we get to eat authentic meals at times prepared in the villages where we minister. These meals are safe to eat, as is any form of ice that we give you access too.
*If there is a scheduled meal in a village you **will always have the option** to pack a PB&J before you leave each morning!
6. **Giving Away Food:** We know it is difficult, but at times you might have lunch around others. For lack of food and the fact they don't eat sandwiches, please refrain from giving away your food. If you prefer, simply do not eat.

HELPING HELPS...

...when done correctly. Sometimes it is difficult seeing so much need.
Here are some guidelines for you to consider prior to your visit:

1. **Do not give away cash:** When we are in the villages, never give money directly to a person/family. Please contact STC/LG staff and we can work together in helping if you feel led to do so.
2. **STC/LG Staff help:** Many of you will grow to love our staff just as much as we do! But, please leave any monetary help to them by way of a tip at weeks end. Never promise finances and if you would like to help someone on staff in a deeper way, please contact the STC/LG Director before you say or do anything.
3. **Social Media:** Social media is a great help and allows us to stay in contact between visits, especially those that make friendships while here. STC/LG **DOES NOT ALLOW** our staff to contact social media friends for **money** or anything else. If this happens, please contact the STC/LG Director for help and clarification.
PLEASE DO NOT use Google translate and ask for wants/needs, please. This is truly detrimental to the STC/LG team and staff as a whole.
4. **Helping a Family you meet:** Sometimes you will come across people in very dire straights. If you or your team feel led to help a specific family or person, please contact the STC/LG Director and we will talk about what would be best for the family.

NOTE:

We understand that our rules and procedures may seem like too much. We also realize it can be very hard to follow them when you see such desperation.

Please realize we have been doing this for 15 years and each point we make; not just in this section but the entire handbook, is made for a reason. It's for the benefit of both you and the Guatemalan people. Each line item you see is something we have dealt with multiple times.

Thank you for your heart and trust in missions with STC/Life Guatemala!
